

## UDI 2010-035V3 Information about guardians that may accompany children to an embassy for DNA tests

This form must be completed if your child (children) is accompanied by someone other than the child's parents to an embassy to take a DNA test. We need this information about the person that accompanies the child as his or her guardian. The form only needs to be completed if the parent in Norway knows who is going to accompany the child to the embassy.

Guardian: in this context means the person who has daily care and control of the child/children and not necessarily the person who has parental responsibility.

Please note that inadequate information about the child/children's guardian can lead to longer case processing time.

DUF-number:

---

Guardian's name:

---

Guardian's relationship to the child/children:

---

I confirm that the person named above is my child/children's guardian, and is the person that will sign the declaration (Sample Declaration Form) in connection with the DNA test at the embassy.

Parent's signature:

---

Place:

---

Date:

---

*The confirmation is attached to the sample(s) sent to the laboratory. To be compared with the information obtained from the embassy.*
